EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brian Dutton on June 28, 2006.

The application has been amended as follows:

In the specification

paragraph 0021 line 2, "a pair of" has been changed to -- one or more -- to provide antecedent basis in the specification for the claim 16 and claim 23 subject matter (this is not new matter because one of ordinary skill in the art would have at once envisaged one or more fastening bands from the disclosed pair of fastening bands).

In the claims

claim 16 line 2, "bond" has been changed to -- bonds -- and "is in contact" has been deleted to provide proper grammar;

claim 23 line 2, "bond" has been changed to -- bonds -- and "is in contact" has been deleted to provide proper grammar.
